## FAQ

### How to contact me

**97304372** is the phone number to call if you need to

- Reschedule an appointment
- Book an appointment
- Or to confirm your appointment

This number has voice mail activated so you will not be able to speak to me immediately but I will return your call as soon as possible. To avoid listening to the voice message press \* key, listen for the tone then record your message. **Patience is required**

Please be patient as you know I do not answer calls when I am in consultation with you and cannot answer the phone during another patients time. Often I may be in consultation for up to 4 hours.

### In the following cases

To book an appointment on the day please phone before 8.30 am.

For next day appointments leave a message with the best time to call you back and let me know the time you want to book for.

### What if I have problem with my medication

*If you are having any problems with your medication please miss the next dose till I return your call. Often the medication dose may be too strong for you or you may not have watered down the herb mix enough. I suggest to half the dose and take it more frequently.*

### My policy in regards to making appointments

If you book the time its yours. Phone calls are not taken during your time. When making appointments please be
