How Do I .book an appointment.. ?

Call and leave a message on voicemail if I am busy with a patient .Just follow the instructions on the voicemail message and will return your call ASAP. Why no receptionist? A receptionist is limited in knowledge and can only really take appointments and pass on messages. They are not qualified

or trained to give advise or comment on your condition .

Do pensioners get a discount ?

No . Pensioners usually have more complex health issues and are often taking long term pharmaceutical drugs .This means more intricate diagnosis rather than less .

Do you ever have special offers ie family discounts ?

Yes .The Health Points club is fantastic way to save 10% off products and more on treatments .It is limited to one membership per family . Click here to view all about Health Points club [Health Points Club](#)

1 hour consultation \$65

Half hour Consultation \$49

How much will my medicines cost me ?

Depends on your condition .Cost effective preparations means that a preparation can be prepared for you that may cover all of your symptoms in one bottle. Sometimes you

may require more than one product but my policy is to keep your medications to a minimum .

Do I need to keep coming for treatments ?

Generally when you are feeling well there is no need to keep attending .For some conditions a maintenance program will be discussed with you .Not everything can be fixed forever ,life and time change us and our needs .I recommend that over 40's consider a maintenance wellness. program but I will discuss this with you if required.

Do children need an hour first consultation ?

Yes. A consultation includes a complete case history and family history,diagnosis of current symptoms ,iris diagnosis, treatment plan and treatment.

Do I need to tell my Doctor the natural medicines I am taking ?
